

IN THE NEXT ISSUE

The next issue of *Cancer Control* will focus on cancer in the elderly. Among the authors and topics are:

"Aging, Immunity and Cancer" by Edith A Burns, MD, of the Medical College of Wisconsin, and Elaine Leventhal, MD, PhD, of the Robert Wood Johnson School of Medicine,

"Preoperative Endocrine Therapy for Older Women With Breast Cancer: Renewed Interest in an Old Idea" by Matthew J. Ellis, MB, PhD, FRCP, of the Duke University Clinical Breast Cancer Program at Duke University Medical Center,

"Brain Tumors in the Older Person" by Alexandra Flowers, MD, of the Hartford Hospital,

"Hemopoietic Reserve in the Older Cancer Patient: Clinical and Economic Considerations" by Lodovico Balducci, MD, of the H. Lee Moffitt Cancer Center & Research Institute at the University of South Florida, Cheryl L. Hardy, PhD, of the University of Mississippi Medical Center, and Gary H. Lyman, MD, of the Albany Medical College,

"Chemotherapy in the Elderly: Pharmacologic Considerations" by Stuart M. Lichtman, MD, and Gina Villani, MD, of the North Shore University Hospital-New York University School of Medicine, and

"Myelodysplastic Syndromes in the Elderly" by Hussain I. Saba, MD, of the H. Lee Moffitt Cancer Center & Research Institute at the University of South Florida.

Also included will be Imaging in Oncology, Supportive Care, Clinical Reasoning in Oncology, Ten Best Readings on Cancer in the Elderly, and Clinical Research Protocols. Look for your issue in November 2000.

Cancer Control is accessible on the World Wide Web at <http://www.moffitt.usf.edu/ccjournal>. The CME questions also can be answered online.
