

IN THE NEXT ISSUE

The next issue of *Cancer Control* will focus on lung cancer. Among the topics and authors are:

"Endobronchial Management of Advanced Lung Cancer," by Michael J. Simoff, MD, FCCP, of the Henry Ford Hospital

"Treatment of Stage I and II Non-Small Cell Carcinoma of the Lung," by W. Roy Smythe, MD, of The University of Texas M. D. Anderson Cancer Center

"Treatment of Advanced Non-Small Cell Lung Cancer: A Review of Current Randomized Clinical Trials and Examination of Emerging Therapies," by Eric B. Haura, MD, of the H. Lee Moffitt Cancer Center & Research Institute

"New Horizons in the Mediastinal Staging of Non-Small Cell Lung Cancer," by Christian Lloyd, MD, and Gerard Silvestri, MD, FCCP, of the Medical University of South Carolina

The departments in *Cancer Control* will feature Clinical Research Protocols on Lung Cancer, Imaging in Oncology, and Ten Best Readings on Lung Cancer. Look for your issue in July 2001.

Cancer Control is accessible on the World Wide Web at <http://www.moffitt.usf.edu/ccjournal>. The CME questions also can be answered online.
