### Purpose

This policy establishes guidance for the provision of Moffitt’s Notice of Privacy Practices.

### Scope

This policy applies to all members of the Workforce.

**Stakeholders:** Patient Access, Health Information Management, Patient Relations, Office of General Counsel

### Procedures

I. The Notice will be provided by Moffitt to patients with a direct treatment relationship to Moffitt as follows:

   (A) On or prior to the date of the first service delivery to the patient;
   
   (B) Upon request;
   
   (C) Posted in a clear and prominent location where it is reasonably expected that patients will be able to read the Notice;

II. For patients receiving inpatient and outpatient services:

   (A) The Notice will be provided by Scheduling, Admitting or Registration staff, depending on the location of the patient’s registration for their first service delivery (e.g., Hospital, Moffitt Clinic, Radiology, Radiation Therapy). The Notice may also be provided through Moffitt’s patient portal in advance of the patient’s first visit. The Notice may be provided to a patient by e-mail, if the patient agrees to electronic notice and such agreement has not been withdrawn. If the covered entity knows that the e-mail transmission has failed, a paper copy of the notice must be provided. If the first service delivery to the patient is delivered electronically, Moffitt will provide electronic notice automatically and contemporaneously in response to the individual’s first request for service.

   (B) The provision of the Notice to the patient will be notated in the Registration system based upon the receipt of a signed “Acknowledgement of Receipt Notice of Privacy Practices” form whether electronically or on a paper form.

   (C) The signed Acknowledgement of Receipt of Notice of Privacy Practices form will be scanned or imported into the patient’s electronic medical record (Cerner) and will be viewable in the Cerner Consent tab.

   (D) If the Acknowledgement of Receipt of Notice of Privacy Practices form is not signed due to patient’s refusal or inability or an emergency situation, the staff will document such in the patient’s medical record. In emergency situations, staff will attempt to obtain an Acknowledgement of Receipt of Notice of Privacy Practices form as soon as reasonably practicable after the emergency treatment situation.

III. For individuals receiving products from the Hospital’s Retail Pharmacy:

   (A) The Notice will be provided to all individuals at their first encounter if they have not previously received a Notice as a patient or Team Member.
Policy: Notice of Privacy Practices

(B) A field will be used in the Retail Pharmacy Billing System to indicate acknowledgement of receipt of the Notice. Retail Pharmacy staff will forward the signed Acknowledgement of Receipt of Notice of Privacy Practices form to HIM for scanning.

(C) If the Acknowledgement of Receipt of Notice of Privacy Practices form is not signed due to patient’s refusal or inability or an emergency situation, staff will make a notation in the Retail Pharmacy Billing System. Staff will attempt to obtain an Acknowledgement of Receipt of Notice of Privacy Practices form as soon as reasonably practicable after the emergency treatment situation.

(D) All Team Members will be asked to sign an Acknowledgement of Receipt of Notice of Privacy Practices form which will be retained in their personnel file, thus, covering any services provided to them by the Hospital’s Retail Pharmacy.

IV. Moffitt’s most recent Notice is available in English and Spanish for printing and or viewing on the Moffitt web page (www.moffitt.org). If requested, staff shall provide patients a copy of an updated Notice by accessing and printing the Notice from this location.

V. Moffitt reserves the right to modify the Notice, as needed. Revised notices will be available to patients upon request.

VI. Modifications to the Notice will be coordinated through the Compliance Office. Historical versions of the Notice will be retained in Administration in accordance with applicable record retention requirements.

VII. Knowledge of a violation or potential violation of this policy must be reported directly to the Compliance Office, the Compliance Hotline (1-844-760-5840), or the Compliance Web Reporting Site.
